IMAGINE YOUR EXPERIENCE

Arrive by any mainline train service from London, Manchester, Leeds and all over the UK. We are well connected through the motorway network and Ireland via Holyhead.

You are welcomed by your event host at the Adventure Terminal, which is set in an incredible quarry with idyllic views above the lake. Start with a working lunch then gear up for a journey on the world's fastest zip line with your adventure consultant. Then back for refreshments on the balcony or a spot of dinner in our Blondin Restaurant.

Next day, another morning of training, a bit of lunch and head off to the Slate Caverns or Fforest site for a team building session in another amazing location. Wrap up your training and head home - inspired and motivated.

GETTING HERE

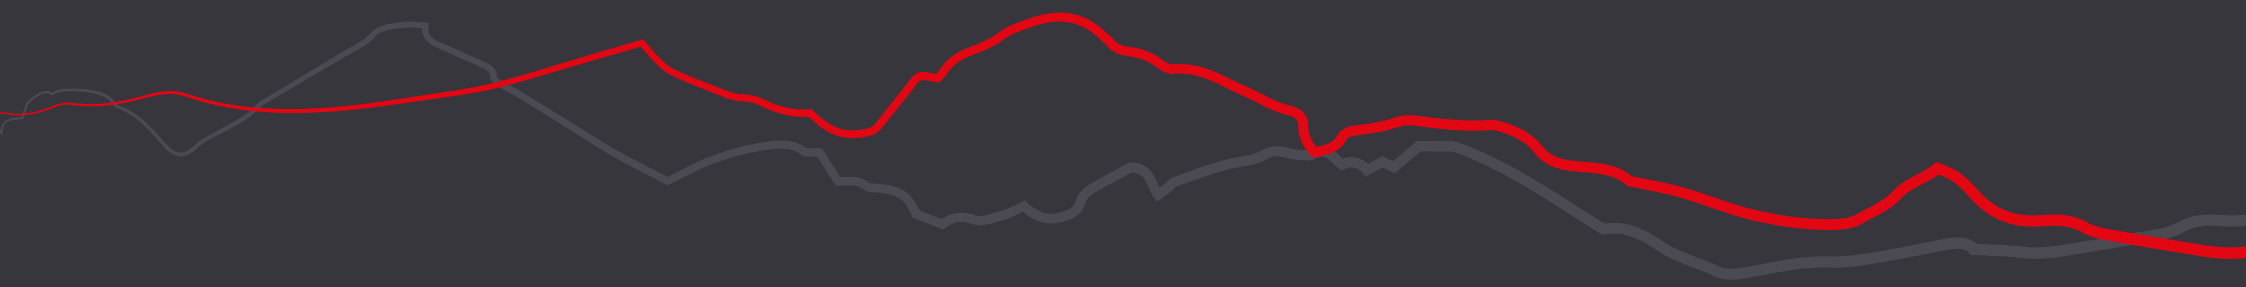

Getting here is a beautiful journey - it's easier than you might think.

Our proximity to the rest of the UK makes us an attractive and accessible meeting, events and adventure destination, for those wishing to get away from it all. We have world-class facilities and destination experience teams.
